(54) Title: MEASURING TAPE AND MEASURING TAPE END PIECE

(57) Abstract: A measuring tape end piece (10) is disclosed having a support portion (28) and a grip portion (32). The grip portion is moulded onto the support portion. The support portion provides a keying interface on which the support portion is moulded. The keying interface includes at least one concave formation such as a hole or channel to allow the grip portion to be firmly secured to the support portion.
